RE: The threat to American security (past, present and future) incurred by supporting the unlawful so-called "state of Israel."

Ambassador Huckabee,

I have enclosed my short book titled *Truth Threatens the "State of Israel"* which proves theologically that the said state has no right to exist or defend itself based upon the sole justification that the said state is the "homeland of the Jews" or "promised land" to which they are the sole heirs, asserted by its founders and advocates. The founders and advocates of the "state of Israel" have never asserted and cannot show any other lawful justification for the creation of the said state in Palestine.

President Trump, and others in the highest offices of the United States, have said that we have an "unbreakable bond" with the "state of Israel" and "the Middle East is a dangerous place," or words to that effect. This unfounded assertion leads to the false conclusion that those defending themselves from the so-called "Jews" of the so-called "state of Israel" and trying to get their property back are the enemies of the USA. But if the sole basis of the "State of Israel" is shown to be erroneous then those in office have attached our nation to an unlawful state which has and will draw us into conflicts with people and nations who are innocent of the charges against them. This condition can cast suspicion on innocent people in our own land who are falsely presumed to be enemies of the USA and cause dismissal of those who are indeed a threat to our land.

The sole justification of the "State of Israel" is that the "Jewish" people are the heirs of Abraham to the "promised land" in the Middle East, a small portion of which the said

“state” now occupies. My book proves with New Testament scripture that this assertion is completely false on both claims. First, Christ Jesus, the Son of God, and St. Paul prove that those who say they are Jews but reject Jesus as the Messiah and savior of the world are not Jews, and second, neither are these liars the heirs of Abraham to the promises of God. And since our nation is mostly made up of Christians (66%) rather than Synagogans (2-4.5%), our foreign policy should follow New Testament revelation from God rather than the Synagogan *misunderstanding of God in the Old Testament* as so stated by Christ Jesus.<sup>1</sup>

It is obvious that supporters the “state of Israel” must deny the works of Christ Jesus to create the existing Kingdom of God or Heaven on earth by his death, resurrection and ascension. Christians should not be helping the antichrist “state of Israel” build a Synagogan kingdom without God or Christ Jesus as King. Christians should be making the Synagogans jealous<sup>2</sup> of our confidence that comes from the possession of eternal life while we yet walk the earth rather than begging and borrowing from them. That way the Synagogans will want to repent and get into the existing Kingdom with Christians.

Sincerely,

Ronald F. Avery
