RE: The threat to American security (past, present and future) incurred by supporting the unlawful so-called “state of Israel.”

Director Ratcliffe,

I have enclosed my short book titled *Truth Threatens the “State of Israel”* which proves the said state has no right to exist or defend itself based upon its sole justification as the “homeland of the Jews”. Its founders and advocates have not asserted any other justification for the “state of Israel”. Those at the CIA may not perceive the importance of reading even a short book proving my point.

However, it is said often by those in office, including President Trump, that we have an “unbreakable bond” with the “state of Israel” and the “Middle East is a dangerous place.” This strange bond is outside the will of the people contained in the federal or state constitutions. The promotion, pursuit and maintenance of this bond by those in office and the media leads to the groundless perception that those defending themselves from the “state of Israel” are the enemies of the United States of America. Further, if the sole foundation of the “State of Israel” is shown to be erroneous, then the US government has attached itself to an unlawful state which has and will draw the US into conflicts with nations and people innocent of the charges against them. This condition can cast suspicion on innocent people in our own land who are presumed to be enemies of the USA simply because they do not support the “state of Israel”, and further, cause dismissal of those who may in fact be a threat to the United States of America.

The sole justification of the “State of Israel” is that the “Jewish” people are the heirs of Abraham to the “promised land” in the Middle East, a small portion of which the said state now occupies. My book proves with New Testament scripture that this assertion is completely false. There is only one seed and heir to the promises of God made to Abraham and that is Christ Jesus of Nazareth,¹ whom the Synagogans of the “state of Israel” have rejected. Hence, they have cut themselves off from the promises of God.

Since our nation is mostly made up of Christians (66%) rather than Synagogans (2-4.5%), we should be following the New Testament revelation from God rather than the Synagogan *misunderstanding of God in the Old Testament* as so stated by Christ Jesus of Nazareth, the Son of God.²

Sincerely,

Ronald F. Avery
